

KAILASH CHANDRA BHAKTA

FRONTEND DEVELOPER (REACT.JS)

Scan for Portfolio

Bhubaneswar, Odisha, 751015 +91 - 9556107656 kcbhakta.99@gmail.com **URL:** <https://kailashjs.github.io/>

I am a Biomedical Engineering dual degree graduate from IIT Varanasi with a strong passion for programming and expertise in JavaScript development. My objective is to secure a challenging job profile that enables me to enhance my professional skills and knowledge, and advance my career in software engineering.

EDUCATION

- 2016 to 2021** BIOMEDICAL ENGINEERING (DUAL DEGREE) – IIT VARANASI – 7.58/10
Member of research labs, Cisco thingQbator & programming club.
- 2014 to 2016** HIGHER SECONDARY SCIENCE (CLASS - 12) – JNV NBPR – 77/100
Self taught, secured 1st division & selected for IIT in my first attempt.
- 2009 to 2014** HIGH SCHOOL (CLASS - 10) – JNV NBPR – 9.2/10
Head of mathematic club and represented my state in exhibitions.

EXPERIENCE

- June 2022 to Mar 2023** FRONTEND ENGINEER – (FULL-TIME) – BOOKINGJINI LABS PVT LTD.
My track record includes leading and taking ownership of the development and implementation of intelligent booking engine, CRS system, intranet, hotel chains (reseller platform), and extranets at Bookingjini Pvt Ltd.
 - Employees of the month for August 2022.
 - Honorary mention on 6th foundation day for product ownership.Product ownership & Notable works:
 - Extranet V4: Implemented the complex logic for seasonal plan setup, and payment gateway and developed the file manager.
 - Booking Engine: Developed the refund protection feature and multiple payment options with logic for cart creation etc.
 - Hotel-chains: Developed interactive data visualization features, and single sign-on to extranet from hotel-chains etc.
 - Intranet: Developed one-click onboarding feature, data visualization with Nivo chart, config and regulatory setup etc.

INTERNSHIP

- July 2019 to June 2021** TEACHING ASSISTANCE – M.TECH – BIOINSTRUMENTATION LAB
Tutor for the undergraduate student for the lab module of courses Bioinstrumentation and Signal processing. Also contributed to project **medical data visualization using web technologies**.
- June 2020 to Aug 2020** WEB DEVELOPER – CROSSOVERLAB ORG - NABARANGPUR, ODISHA
Contributed to the development of content and the organization's web application using MERN stack. Key features developed were REST API for the Content management system and admin space.

PORTFOLIO

- Feb 2023** PROJECTS PORTFOLIO – <https://kailashjs.com/#project-container>
This project portfolio consist of some of my notable projects. Demonstrates my frontend development skill and React expertise. Gained relevant experience by working both in team and person and by taking product ownerships at Bookingjini Labs Pvt Ltd.

SKILLS

- JAVASCRIPT
- REACT JS
- REDUX
- MATERIAL UI
- TYPESCRIPT
- HTML/CSS
- REST API
- RESPONSIVE UI
- NODE JS
- FIREBASE
- GIT/GITHUB

CERTIFICATES

- Full-stack Web Development with React (Specialization): **Coursera**
- Launching Breakthrough Technologies by **HarvardX**
- Data & Specimen only Research: **CITI**
- Javascript Development **Udemy**

ACHIEVEMENTS

- Go Green in the City'18 India finalist.
- 3rd in Modex'20 (Technex, IIT(BHU))
- IITM-RWTH Aachen ESummit'19.
- 2nd in Escalate'17 (SNTC, IIT(BHU))
- 2 time Mathematics exhibition regional.
- Bharat Scout and Guide Rajya Puraskar awardee.
- **Employees of the month for Aug 2022**

RESPONSIBILITY

I was an active member of Ecell and Club of Sustainability and Programming. Additionally, I contributed to open-source projects and was part of bioinstrumentation lab at IIT(BHU). I have previous experience as a marketing manager for Google Startup Weekend Varanasi'18.
